3	Date and Year of the Activity:	15-Nov-17
4	Number of Students Participated in the activity:	73
5	Report of the Activity (in 100 words):	LANGUAGE LAB ON "C PROGRAMMING" for Students was coordinated successfully by Dr. Pradeep Sharma Sir, HOD, Computer Science Department, Indore India. To introduce students to the basic knowledge of programming fundamentals of C language, impart writing skill of C programming to the students and problem-solving techniques. This Lab activity taught the student to write programs in C and to solve the problems. After Completion of this course the student would be able to Read, understand and trace the execution of programs written in C language and how to Write the C code for a given algorithm.

2	Name of the Activity:	Seminar on internet security.
3	Date and Year of the Activity:	06-sep-18
4	Number of Students Participated in the activity:	50
5	Report of the Activity (in 100 words):	Seminar on internet security for Students was coordinated successfully by Mr. Akhilesh Khare LiriSoft PVT LTD,Banglore .This seminar on internet security enables student by providing security best practice guidance for usage of internet on daily basis. Students taught about common threats and how to avoid or mitigate them. Internet security or Cyber security refers to how much end-users know about the cyber security threats their networks face, the risks they introduce and mitigating security best practices to guide their behaviour. End users are considered the weakest link and the primary vulnerability within a network.[1][3][4] Since end-users are a major vulnerability, technical means to improve security are not enough. Organizations could also seek to reduce the risk of the human element (end users).

2	Name of the Activity:	One Day Workshop on Computer Hardware & Networking
3	Date and Year of the Activity:	15-Nov-19
4	Number of Students Participated in the activity:	141
5	Report of the Activity (in 100 words):	Computer Hardware & Networking Workshop for Students was coordinated successfully by Amit Sir, Trainer and network engineer, Jetking Institute indore India and . This workshop provided hands-on networking basics, taught by an experienced technical trainer, using a live in-classroom network. Students learned about cabling, network protocols (including a close-up look at TCP/IP), network devices like hubs, switches, routers, firewalls, repeaters, gateways, and more. Students will learn how to create a secure network and avoid common network security mistakes. This hands-on networking fundamentals training workshop had got students up to speed with practical tools and techniques that they can put to use right away to make their network run faster and more securely with fewer problems.

One week workshop on "Research Methodology"
(Awareness of trends in Technology)

S. No.	Component/Activities	Details of event
1	Name of the Department / Unit / Agency:	Computer Science Department
2	Name of the Activity:	One week workshop on "Research Methodology"
3	Date and Year of the Activity:	16-20 December 2019
4	Number of Students Participated in the activity:	113
5	Report of the Activity (in 100 words):	Research Methodology Workshop for Research Scholars and Teachers was coordinated successfully by Dr. Achyut Deshpande, Professor, M.N.G. Science College, Babhulgaon(MH) India from 16- 20, December, 2019. The core objective of the workshop was to equip the research scholars with set of skills and potentiality to undertake the research very effectively in the disciplines of social science and to turn completed research into publishable material of high quality in the form of articles, journals and books. This workshop is designed to offer the practical guidelines and direct the researchers through all the stages of research from identifying a research problem to the submission of a dissertation, report writing and research article. The course intends to deal with variety of quantitative and qualitative research methods used in social science researches. It also gives exposure to data analysis with the help of software packages. The workshop consists of both theory and practical.
